

NTSS 2017 EXHIBITION AWARDS

GRAND AND RESERVE GRAND EXHIBIT AWARDS

Grand Award

Reserve Grand Award

These craftsman/mission style clocks were made by Cedarburg, Wisconsin, master woodworker, Richard Matecki. He uses traditional methods and exotic woods to craft clocks with the clean lines reminiscent of another Wisconsinite, Frank Lloyd Wright. These fine, handmade clocks stand out in any décor.

MARY ANN OWENS ONE FRAME EXHIBIT AWARD

This unique ceramic watercolor artwork was made by local Wisconsin artist Faith Ann Givings. It is made from a real ginkgo leaf which is pressed into the clay. Then she uses her original watercolor glaze technique to add color. This labor-intensive process results in a one-of-a-kind piece.
